## Montage-Paste - Anti Seize Paste

High-Tech-Paste ist eine Mehrzweck-Montagepaste auf der Basis von metallfreien, trennwirksamen Festschmierstoffen. Sie ermöglichen, oft auch noch nach Jahren, eine leichte Demontage. Die Montagepaste reduziert das Festfressen, Festbrennen oder Kaltverschweißen (z. B. an Edelstahl).  
Anti Seize High-Tech Paste is a multi-purpose assembly compound based on metal-free lubricants with high separating capacities. It prevents often corrosion, seizing, galling and cold welding. Parts can easily be dismantled even after years in normal cases.

Art.-Nr.	Beschreibung	Farbe
WN1209	120 g Pinseldose	weiß white
